ABOUT US

For over 25 years, SN Overseas has been a leading name in the leather manufacturing industry, with a special expertise in authentic Bavarian shoes. We take pride in crafting genuine, handmade Haferlschuhe and premium leather shoe collections that blend tradition with contemporary style. Our commitment to quality and craftsmanship extends across a wide range of leather products, serving both individual customers and esteemed brands worldwide.

HAFERL COLLECTION

Timeless tradition meets contemporary craftsmanship. Our Haferl Shoes are a refined interpretation of the iconic Alpine design — handcrafted in India from the finest full-grain leather by artisans who understand the art of lasting comfort. The elegant side lacing, sturdy welted soles, and clean contours give each pair a distinctive character that matures beautifully with wear.

Every detail speaks of quiet luxury, from the precision stitching to the natural patina that develops over time. We offer a true celebration of craftsmanship that bridges cultures, crafted for the discerning few who walk their own path.
